

3.2V-3.7V Energy Storage Lithium Battery For 500-1000 Cycles

Basic Information

- Place of Origin:
- Brand Name:
- Certification:
- Minimum Order
- Quantity:
- Price: Negotiatial
- Packaging Details: carton box, UN box, wooden box

MoneyGram

China

1 unit

Pinsheng Energy

CE , MSDS , UN38.8 , ISO9001

L/C , D/A , D/P , T/T , Western Union ,

- Delivery Time: 10-20days
- Payment Terms:
- Supply Ability: 10000pcs/month

Product Specification

Highlight:	500Cycles Energy Lithium Battery, 3.2V Energy Lithium Battery
Charge Time:	2-4 Hours
Charge Cycles:	500-1000
Voltage:	3.2V-3.7V
Warranty:	1-3 Years
Discharge Time:	2-4 Hours
• Size:	18650, 26650, 32650
Charge Temperature:	-20 To +60
Storage Temperature:	-20 To +45

3.2V-3.7V Energy Storage Lithium Battery For 500-1000 Cycles

Product Description:

Energy Storage Lithium Battery is an advanced lithium ion battery energy storage technology, which can provide efficient and safe energy storage. With its light weight of 30g-100g and voltage range of 3.2V-3.7V, it can quickly discharge and charge within 2-4 hours, providing a great solution for energy storage needs. With its long life cycle and high safety standard, the Energy Storage Lithium Battery is an ideal choice for energy storage applications. It is a reliable and cost-effective solution for all energy storage needs.

Features:

Product Name: Energy Storage	ithium Battery							 	 	
Capacity: 3000mAh-10000mAh										
Charge Temperature: -20 To +6)									
Type: Energy Storage Lithium I	attery									
Warranty: 1-3 Years										
Charge Cycles: 500-1000										
Special Feature: Lithium Ion Ba	tery Storage, Lithium	Battery Stora	ge, Lithium	Battery	Storag	ge Ca	pacity			

Technical Parameters:

Parameter	Value
Туре	Energy Storage Lithium Battery
Charge Cycles	500-1000
Warranty	1-3 Years
Charge Time	2-4 Hours
Voltage	3.2V-3.7V
Discharge Temperature	-20 To +60
Discharge Time	2-4 Hours
Storage Temperature	-20 To +45
Weight	30g-100g
Safety Protection	Overcharge, Overdischarge, Overcurrent, Short Circuit

Applications:

Pinsheng Energy's energy storage lithium battery is the ideal energy storage solution for a wide range of applications. This lithium ion battery is certified by CE, MSDS, UN38.8 and ISO9001, and is available at a competitive price. The minimum order quantity is one unit, and it can be packaged in a carton box, UN box or wooden box. Delivery time is typically 10-20 days, and payment can be made via L/C, D/A, D/P, T/T, Western Union or MoneyGram. With a maximum production capacity of 10000pcs/month, this battery features a voltage range from 3.2V to 3.7V and a storage temperature between -20 and +45. It can discharge for up to 2-4 hours and has a capacity range from 3000mAh to 10000mAh. This lithium storage battery can be cycled up to 500-1000 times.

Customization:

Energy Storage Lithium Battery

Brand Name: Pinsheng Energy Place of Origin: China Certification: CE , MSDS , UN38.8 , ISO9001 Minimum Order Quantity: 1 unit Price: Negotiatial Packaging Details: carton box, UN box, wooden box Delivery Time: 10-20days Payment Terms: L/C , D/A , D/P , T/T , Western Union , MoneyGram Supply Ability: 10000pcs/month Type: Energy Storage Lithium Battery Discharge Temperature: -20 To +60 Size: 18650, 26650, 32650 Charge Temperature: -20 To +60 Charge Cycles: 500-1000 Lithium Ion Battery Storage

We provide top-quality lithium ion battery storage solutions for our customers. Our energy storage lithium battery is CE, MSDS, UN38.8, and ISO9001 certified. The minimum order is 1 unit, and the price is negotiable. Our packaging includes carton box, UN box, and wooden box. Delivery time is 10-20 days. Payment terms include L/C, D/A, D/P, T/T, Western Union, and MoneyGram. Our monthly supply ability is 10000pcs. The type of the battery is energy storage lithium battery, and its discharge temperature is -20 to +60. Its size is 18650, 26650, 32650, and its charge temperature is -20 to +60. The charge cycles are 500-1000.

Packing and Shipping:

Packaging and Shipping Energy Storage Lithium Battery: Securely package the Energy Storage Lithium Battery to ensure the safety of the battery during shipping. Mark the package with appropriate shipping labels. Ship the package using an appropriate shipping method. Track the package to ensure safe delivery.
