

32650 Li-Ion Battery Storage 3.2V-3.7V -20 To +60

Our Product Introduction

more products please visit us on rechargeable-liionbattery.com

Basic Information

- Place of Origin: China
- Brand Name: Pinsheng Energy
- Certification: CE , MSDS , UN38.8 , ISO9001
- Minimum Order Quantity: 1 unit
- Price: Negotiatial
- Packaging Details: carton box , UN box , wooden box
- Delivery Time: 10-20days
- Payment Terms: L/C , D/A , D/P , T/T , Western Union , MoneyGram
- Supply Ability: 10000pcs/month

Product Specification

- Type: Energy Storage Lithium Battery
- Charge Time: 2-4 Hours
- Safety Protection: Overcharge, Overdischarge, Overcurrent, Short Circuit
- Discharge Temperature: -20 To +60
- Warranty: 1-3 Years
- Voltage: 3.2V-3.7V
- Charge Temperature: -20 To +60
- Size: 18650, 26650, 32650
- Highlight: **32650 Li-Ion Battery Storage,**
Li-Ion Battery Storage 3.2V

Product Description

Product Description:

Energy Storage Lithium Battery is a rechargeable battery designed to provide a safe and reliable power source for a wide range of applications. Our lithium storage batteries are available in 18650, 26650, and 32650 sizes, with a charge time of 2-4 hours and a voltage range of 3.2V-3.7V. Our lithium storage batteries provide superior safety features such as overcharge, overdischarge, overcurrent, and short circuit protection. Our energy storage lithium batteries are designed specifically for energy storage, making them ideal for applications such as energy harvesting, grid stabilization, and renewable energy storage.

Features:

Product Name: Energy Storage Lithium Battery

Charge Cycles: 500-1000

Size: 18650, 26650, 32650

Discharge Temperature: -20 To +60

Voltage: 3.2V-3.7V

Charge Time: 2-4 Hours

Lithium Ion Battery Storage: Yes

Technical Parameters:

Parameter	Details
Size	18650, 26650, 32650
Charge Temperature	-20 To +60
Weight	30g-100g
Type	Energy Storage Lithium Battery
Charge Cycles	500-1000
Storage Temperature	-20 To +45
Charge Time	2-4 Hours
Capacity	3000mAh-10000mAh
Voltage	3.2V-3.7V
Warranty	1-3 Years

Applications:

Pinsheng Energy lithium battery storage is a reliable energy storage solution with a variety of advantages for both commercial and residential applications. It has a brand name of Pinsheng Energy, and is manufactured in China with CE, MSDS, UN38.8 and ISO9001 certifications. It has a minimum order quantity of 1 unit, and offers a negotiable price. It is available in various packaging options such as carton box, UN box, and wooden box, and can be delivered within 10-20 days. Payment terms include L/C, D/A, D/P, T/T, Western Union, and MoneyGram, and the supply ability is 10000pcs/month. The lithium battery storage has a warranty of 1-3 years, and has a charge time of 2-4 hours with 500-1000 charge cycles. It is available in 3.2V-3.7V voltage and with a capacity of 3000mAh-10000mAh.

Pinsheng Energy lithium battery storage provides an efficient and reliable energy storage solution for both commercial and residential applications. It is a highly reliable and cost-effective option with a variety of advantages, including long cycle life, fast charge/discharge time, high energy density, and excellent safety. With its high-quality components and strict quality control, it is the perfect choice for those looking for a reliable energy storage system.

Pinsheng Energy lithium battery storage can be used in a variety of applications, such as for renewable energy storage, emergency backup systems, portable power, and off-grid systems. It is a reliable solution for any energy storage needs, and is the perfect choice for those looking for a reliable lithium ion battery storage solution.

Customization:

Energy Storage Lithium Battery

Brand Name: Pinsheng Energy

Place of Origin: China

Certification: CE, MSDS, UN38.8, ISO9001

Minimum Order Quantity: 1 unit

Price: Negotiable

Packaging Details: carton box, UN box, wooden box

Delivery Time: 10-20 days

Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram

Supply Ability: 10000 pcs/month

Discharge Time: 2-4 Hours

Capacity: 3000mAh-10000mAh

Weight: 30g-100g

Charge Cycles: 500-1000

Discharge Temperature: -20 To +60

Our Energy Storage Lithium Battery is great for lithium ion battery energy storage, lithium battery storage, and lithium battery storage system.

Packing and Shipping:

Packaging and Shipping

Energy Storage Lithium Battery products are securely packaged in cardboard boxes and shipped in accordance with shipping regulations and requirements.

The boxes are constructed from strong cardboard to protect the product from any external damage. The boxes have been designed to ensure that the product is not exposed to any environmental hazards.

The boxes are labeled clearly and marked with the proper shipping information to ensure that the product arrives safely and on time.
