

32650 Li-Ion Battery Storage Short Circuit Protection Weight 30g-100g

Our Product Introduction

more products please visit us on rechargeable-liionbattery.com

Basic Information

- Place of Origin: China
- Brand Name: Pinsheng Energy
- Certification: CE , MSDS , UN38.8 , ISO9001
- Minimum Order Quantity: 1 unit
- Price: Negotiatial
- Packaging Details: carton box , UN box , wooden box
- Delivery Time: 10-20days
- Payment Terms: L/C , D/A , D/P , T/T , Western Union , MoneyGram
- Supply Ability: 10000pcs/month

Product Specification

- Type: Energy Storage Lithium Battery
- Voltage: 3.2V-3.7V
- Capacity: 3000mAh-10000mAh
- Size: 18650, 26650, 32650
- Weight: 30g-100g
- Charge Temperature: -20 To +60
- Discharge Time: 2-4 Hours
- Discharge Temperature: -20 To +60
- Highlight: **32650 Li-Ion Battery, 10000mAh Li-Ion Battery**

Product Description

Li-Ion Battery Storage With 1-3 Years Warranty Short Circuit Protection Weight 30g-100g

Product Description:

Energy Storage Lithium Battery is a reliable and efficient power source for a wide range of applications. It features a rechargeable lithium ion battery with a charge time of 2-4 hours, a weight of 30g-100g, and a size range of 18650, 26650, 32650. This battery is capable of withstanding temperatures of -20 To +60 for both charging and discharging. Due to its advanced lithium ion technology, this battery offers excellent energy storage and long-lasting durability. It is perfect for a variety of applications, including li ion battery storage, lithium ion battery energy storage, and lithium battery storage. With its superior performance, Energy Storage Lithium Battery is the perfect choice for your power needs.

Features:

Product Name: Energy Storage Lithium Battery

Type: Energy Storage Lithium Battery

Weight: 30g-100g

Storage Temperature: -20 To +45

Warranty: 1-3 Years

Discharge Time: 2-4 Hours

Keywords: lithium storage battery, li ion battery storage, lithium ion battery storage

Technical Parameters:

Parameter	Value
Charge Time	2-4 Hours
Voltage	3.2V-3.7V
Safety Protection	Overcharge, Overdischarge, Overcurrent, Short Circuit
Discharge Time	2-4 Hours
Discharge Temperature	-20 To +60
Warranty	1-3 Years
Type	Energy Storage Lithium Battery
Storage Temperature	-20 To +45
Weight	30g-100g
Charge Cycles	500-1000

Applications:

Pinsheng Energy Lithium Storage Batteries are the perfect choice for energy storage and long-lasting performance. With a minimum order quantity of 1 unit, they are a reliable, cost-effective solution for all your energy needs. Our Lithium Storage Batteries are certified to the highest standards, including CE, MSDS, UN38.8, and ISO9001. They boast a weight range of 30g-100g, and they can be charged and discharged within a temperature range of -20 to +60. And with a delivery time of 10-20days, and payment terms such as L/C, D/A, D/P, T/T, Western Union, and MoneyGram, they are an incredibly convenient and secure choice. Plus, you can rest assured that your investment is safe, as we provide 1-3 years of warranty and a supply ability of 10000pcs/month.

Charge Time: 2-4 Hours
Weight: 30g-100g
Warranty: 1-3 Years

Our energy storage lithium battery is a high-performance, durable, and efficient lithium ion battery storage solution for a wide range of applications. With our lithium battery storage, you get the highest capacity, longest cycle life, and highest energy density available in the industry. Our lithium battery storage is perfect for a variety of applications, including off-grid energy storage, electric vehicles, solar energy storage, and more.

Our energy storage lithium battery is certified for safety and quality, with CE, MSDS, UN38.8, and ISO9001 certifications. We offer a minimum order quantity of 1 unit, with prices that are negotiable. Our delivery time is 10-20 days, and payment terms include L/C, D/A, D/P, T/T, Western Union, and MoneyGram. We have a large supply capacity of up to 10,000 pieces per month. Our lithium ion batteries are available in sizes 18650, 26650, and 32650, with a discharge temperature range of -20°C to +60°C and a charge time of 2-4 hours. Weight ranges from 30g to 100g, and our batteries come with a 1-3 year warranty.

Packing and Shipping:

The packaging and shipping of Energy Storage Lithium Battery requires special care. The containers should be sealed and labeled with clear instructions on how to handle the product. All products should be protected from shocks, moisture, and extreme temperatures. The containers should be placed in cardboard boxes and securely sealed with tape. The boxes should be clearly labeled with the product name, manufacturer, and the corresponding safety precautions. Additionally, the boxes should be clearly marked as containing lithium ion cells.
