

## 500-1000 Cycles Energy Storage Lithium Battery With -20 To +45 Storage Temperature

Our Product Introduction

### Basic Information

- Place of Origin: China
- Brand Name: Pinsheng Energy
- Certification: CE , MSDS , UN38.8 , ISO9001
- Minimum Order Quantity: 1 unit
- Price: Negotiatial
- Packaging Details: carton box, UN box, wooden box
- Delivery Time: 10-20days
- Payment Terms: L/C , D/A , D/P , T/T , Western Union , MoneyGram
- Supply Ability: 10000pcs/month

### Product Specification

- Safety Protection: Overcharge, Overdischarge, Overcurrent, Short Circuit
- Storage Temperature: -20 To +45
- Charge Time: 2-4 Hours
- Charge Cycles: 500-1000
- Voltage: 3.2V-3.7V
- Charge Temperature: -20 To +60
- Weight: 30g-100g
- Discharge Temperature: -20 To +60
- Highlight: **1000Cycles Energy Lithium Battery,**  
**3.7V Energy Storage Lithium Battery**

## Product Description

### 500-1000 Cycles Energy Storage Lithium Battery With -20 To +45 Storage Temperature

#### Product Description:

Energy Storage Lithium Battery is an innovative lithium storage battery solution for energy storage applications. The battery is available in various sizes, including 18650, 26650, and 32650, ensuring that it can meet the needs of different applications. It also offers great performance, including 500 to 1000 charge cycles, 2 to 4 hours charging time, and 2 to 4 hours discharging time, providing you with reliable and long-lasting energy storage. Moreover, the battery is backed by a 1-3 year warranty, offering you peace of mind. All these features make Energy Storage Lithium Battery an ideal choice for those who need reliable and long-lasting lithium ion battery energy storage.

#### Features:

Product Name: Energy Storage Lithium Battery

Capacity: 3000mAh-10000mAh

Voltage: 3.2V-3.7V

Safety Protection: Overcharge, Overdischarge, Overcurrent, Short Circuit

Charge Time: 2-4 Hours

Charge Cycles: 500-1000

Keywords: Li-Ion Battery Storage, Lithium-Ion Battery Energy Storage, Li-Ion Battery Storage Capacity

#### Technical Parameters:

| Parameter             | Value   |
|-----------------------|---|
| Size                  | 18650, 26650, 32650                                   |
| Charge Temperature    | -20 to +60  |
| Safety Protection     | Overcharge, Overdischarge, Overcurrent, Short Circuit |
| Charge Time           | 2-4 Hours   |
| Type                  | Energy Storage Lithium Battery                        |
| Voltage               | 3.2V-3.7V   |
| Discharge Temperature | -20 to +60  |
| Warranty              | 1-3 Years   |
| Discharge Time        | 2-4 Hours   |
| Capacity              | 3000mAh-10000mAh                                      |

#### Applications:

Pinsheng Energy's Energy Storage Lithium Battery is an ideal choice for applications requiring rechargeable and high-performance energy storage. It has a charge cycle of 500-1000 and a capacity of 3000mAh-10000mAh, providing enough energy for a discharge time of 2-4 hours. It also has a wide storage temperature range of -20 to +45, making it suitable for various environments. With CE, MSDS, UN38.8, and ISO9001 certifications, you can trust in its quality. The minimum order quantity is 1 unit and the price is negotiable. It is packaged in a carton box, UN box, or wooden box, and can be delivered within 10-20 days. Pinsheng Energy offers various payment methods, such as L/C, D/A, D/P, T/T, Western Union, and MoneyGram. Plus, with a large supply ability of 10,000 pieces per month, you can be sure that your order will be fulfilled in a timely manner.

#### Customization:

Energy Storage Lithium Battery custom services

Brand Name: Pinsheng Energy

Place of Origin: China

Certification: CE, MSDS, UN38.8, ISO9001

Minimum Order Quantity: 1 unit

Price: Negotiatial  
Packaging Details: carton box, UN box, wooden box  
Delivery Time: 10-20days  
Payment Terms: L/C , D/A , D/P , T/T , Western Union , MoneyGram  
Supply Ability: 10000pcs/month  
Capacity: 3000mAh-10000mAh  
Safety Protection: Overcharge, Overdischarge, Overcurrent, Short Circuit  
Warranty: 1-3 Years  
Type: Energy Storage Lithium Battery  
Charge Cycles: 500-1000  
**Lithium ion battery energy storage , lithium ion battery storage, lithium ion battery energy storage system** are available for customization.

**Packing and Shipping:**

Packaging and Shipping for Energy.Storage.Lithium Battery. -----  
Energy storage lithium batteries are shipped and packaged with caution in order to ensure safety and reliability. The batteries must be securely placed in a box with sufficient padding to prevent any shocks or vibrations during transit. Additionally, any electrostatic discharge must be prevented by using either conductive or antistatic packaging materials. The box must be clearly labeled with "FRAGILE" and "HANDLE WITH CARE".
