

26650 Lithium Ion Battery Storage With 500-1000 Charge Cycles

Our Product Introduction

more products please visit us on rechargeable-liionbattery.com

Basic Information

- Place of Origin: China
- Brand Name: Pinsheng Energy
- Certification: CE , MSDS , UN38.8 , ISO9001
- Minimum Order Quantity: 1 unit
- Price: Negotiatial
- Packaging Details: carton box , UN box , wooden box
- Delivery Time: 10-20days
- Payment Terms: L/C , D/A , D/P , T/T , Western Union , MoneyGram
- Supply Ability: 10000pcs/month

Product Specification

- Storage Temperature: -20 To +45
- Discharge Time: 2-4 Hours
- Safety Protection: Overcharge, Overdischarge, Overcurrent, Short Circuit
- Charge Temperature: -20 To +60
- Type: Energy Storage Lithium Battery
- Charge Time: 2-4 Hours
- Weight: 30g-100g
- Warranty: 1-3 Years
- Highlight: **26650 Lithium Ion Battery ,
1000 Charge Cycles Lithium Ion Battery**

Product Description

26650 Lithium Ion Battery Storage With 500-1000 Charge Cycles & 1-3 Years Warranty

Product Description:

This advanced Energy Storage Lithium Battery is designed to provide outstanding performance and reliability. With a voltage range of 3.2V-3.7V, it takes only 2-4 hours for the battery to be fully charged. This robust lithium ion battery storage features a capacity of 3000mAh-10000mAh and can be stored at -20 To +45 . It is the ideal power source for a variety of applications, like energy storage. Thanks to its advanced lithium battery storage technology, this Lithium Ion Battery Storage can offer you a reliable and long-lasting power source.

Features:

Product Name: Energy Storage Lithium Battery

Type: Energy Storage Lithium Battery

Discharge Time: 2-4 Hours

Charge Time: 2-4 Hours

Warranty: 1-3 Years

Capacity: 3000mAh-10000mAh

Keywords: lithium ion battery storage, li ion battery storage, li ion battery storage

Technical Parameters:

Parameter	Value
Capacity	3000mAh-10000mAh
Type	Energy Storage Lithium Battery
Charge Cycles	500-1000
Charge Temperature	-20 To +60
Storage Temperature	-20 To +45
Discharge Time	2-4 Hours
Safety Protection	Overcharge, Overdischarge, Overcurrent, Short Circuit
Voltage	3.2V-3.7V
Warranty	1-3 Years
Discharge Temperature	-20 To +60

Applications:

Pinsheng Energy's energy storage lithium batteries are designed to provide excellent performance in all kinds of applications, with high brand recognition, CE, MSDS, UN38.8, and ISO9001 certifications. With a minimum order quantity of 1 unit, the price is negotiable and can be packaged in carton box, UN box, or wooden box. Delivery time is 10-20 days, and payment terms include L/C, D/A, D/P, T/T, Western Union, and MoneyGram. The supply ability is 10000pcs/month, with a weight of 30g-100g, 1-3 years of warranty, and discharge temperature of -20 to +60 . The charge time is 2-4 hours. Our energy storage lithium batteries are perfect for applications such as li ion battery storage, lithium ion battery storage, and lithium storage battery.

Customization:

Energy Storage Lithium Battery

Brand Name: Pinsheng Energy

Place of Origin: China

Certification: CE , MSDS , UN38.8 , ISO9001

Minimum Order Quantity: 1 unit

Supply Ability: 10000pcs/month
Weight: 30g-100g
Voltage: 3.2V-3.7V
Storage Temperature: -20 To +45
Capacity: 3000mAh-10000mAh
Size: 18650, 26650, 32650
Keywords

li ion battery storage, lithium ion battery storage, lithium ion battery energy storage, lithium battery energy storage

Packing and Shipping:

Packaging and Shipping of Energy Storage Lithium Battery -----

Energy Storage Lithium Battery must be packaged and shipped with care to ensure its quality and safety.
The battery must be packaged in a box or container, with cushioning material around the battery to protect it from damage during transportation.
The box or container must be sealed to prevent any leakage.
The package must be clearly marked with the name of the product, the quantity, and the manufacturer.
The package must also include a warning label about the dangers of mishandling the product.
The battery must be shipped with a tracking number to ensure it reaches its destination on time and in good condition.
The shipping carrier must be informed of the contents of the package and any special handling instructions.
