

Efficient And Eco Friendly Lithium Ion Polymer Battery For Sustainable Power

Our Product Introduction

more products please visit us on rechargeable-liionbattery.com

Basic Information

- Place of Origin: CHINA
- Brand Name: Pinsheng
- Certification: CE , MSDS , UN38.3,IES
- Model Number: PE-48100
- Minimum Order Quantity: 1 unit
- Price: Negotiatial
- Packaging Details: UN Carton Box
- Delivery Time: 20-30days
- Payment Terms: L/C , D/A , D/P , T/T , Western Union , MoneyGram
- Supply Ability: 30000pcs/month

Product Specification

- Application: Make Battery Pack,Battery Module
- Quality: A
- Certificates: CE,IEC,UL,ISO,MSDS,UN38.3
- Battery Type: Lithium Ion Battery
- Norminal Capacity: 2.5Ah-300Ah
- Cycle Life: 2000-6000 Times
- Discharging Temperature: -20°C To 60°C
- Packing: UN Carton Box
- Dimension: Optional
- Highlight: **3.7V Lithium Ion Polymer Battery, MSDS Lithium Ion Polymer Battery**

Product Description

Product Description:

Lithium Ion Polymer Battery is a high-quality product, which can work in a wide temperature range of -20°C to 60°C. It also has remarkable capacity, ranging from 2.5Ah to 300Ah, and nominal voltage from 2.3V, 3.2V to 3.7V. This product is widely used for making battery packs, battery modules or any other battery-related applications. We package the product with UN Carton Box to ensure the product quality and make sure it is ready for use when you get it.

We guarantee the quality of our Lithium Ion Polymer Battery. It is a reliable and safe product which is perfect for making battery packs, battery modules, or any other battery related applications. With its wide temperature range, remarkable capacity and nominal voltage, this product is sure to meet your needs and expectations.

Features:

Product Name: Lithium Ion Polymer Battery

Norminal Capacity: 2.5Ah-300Ah

Norminal Voltage: 2.3V,3.2V,3.7V

Quality: A

Discharging Temperature: -20°C To 60°C

Temperature: -20°C~60°C

Ability to Make Battery Pack

Cyclelife: 2000-6000 Times

Packing: UN Carton Box

Technical Parameters:

Attribute	Detail
Cycle Life	2000-6000 Times
Battery Type	Lithium Ion Battery
Certificates	CE,IEC,UL,ISO,MSDS,UN38.3
Discharging Temperature	-20°C To 60°C
Norminal Voltage	2.3V,3.2V,3.7V
Dimention	Optional
Quality	A Grade
Temperature	-20°C~60°C
Packing	UN Carton Box
Norminal Capacity	2.5Ah-300Ah

Applications:

Pinsheng's Lithium Ion Polymer Battery, model PE-48100, is a reliable and powerful energy source, offering incredible performance at a competitive price. With a certification from CE, MSDS, UN38.3, and IES, it is a safe and reliable choice for a variety of applications. With a minimum order quantity of one and negotiable pricing, it is a great choice for all users. The battery is packaged in an UN Carton Box and can be delivered within 20-30 days with payment via L/C, D/A, D/P, T/T, Western Union, or MoneyGram. Pinsheng can supply 30000pcs per month and has certificates from CE, IEC, UL, ISO, MSDS, and UN38.3 for quality assurance. The battery has high temperature resistance of -20°C~60°C and can be used to make battery packs with a nominal capacity of 2.5Ah-300Ah. Furthermore, it is an ideal choice for 3.2V 150Ah Battery Cell.

Customization:

Our **Lithium Ion Polymer Battery** is certified by CE, MSDS, UN38.3, and IES. The brand name is Pinsheng and the model number is PE-48100. The minimum order quantity is 1 unit and the price is negotiable. The packaging details are UN Carton Box and the delivery time is 20-30 days. We accept payment by L/C, D/A, D/P, T/T, Western Union, and MoneyGram. Our monthly supply ability is 30000pcs and the packing is UN Carton Box. The temperature range is -20°C~60°C and the quality is A. The application is to make battery pack and battery module. The certificates include CE, IEC, UL, ISO, MSDS, and UN38.3. We specialize in 3.2V 150Ah Battery Cell, Lithium Battery Cell, and Battery Modules.

Support and Services:

Lithium Ion Polymer Battery Technical Support and Service

At XYZ, we take the quality of our products seriously and provide comprehensive technical support and service for our Lithium Ion Polymer Battery. Our technical support team is available 24/7 to answer any questions or address any issues you may have.

Technical Assistance
We provide technical assistance and troubleshooting for all aspects of our Lithium Ion Polymer Battery. Our technical support team is knowledgeable and experienced and can help you with installation, configuration, and usage. They can also provide advice and guidance on how to get the most out of your Lithium Ion Polymer Battery.

Warranty

XYZ provides a limited warranty on all of our Lithium Ion Polymer Battery products. If you experience any defect or malfunction in your product, our technical support team will help you troubleshoot the issue and, if necessary, provide a replacement or repair.

Software Updates

We are committed to providing the latest software updates for our Lithium Ion Polymer Battery. Our technical support team can help you download and install the latest software updates and ensure that your product is always up to date.
