

## Customized 72V 50Ah Rechargeable for continuous use lithium ion battery cell

### Our Product Introduction

more products please visit us on [rechargeable-liionbattery.com](http://rechargeable-liionbattery.com)

#### Basic Information

- Place of Origin: CHINA
- Brand Name: Pinsheng
- Certification: CE , MSDS , UN38.8 , ISO9001
- Model Number: PE-72500
- Minimum Order Quantity: 1 unit
- Price: Negotiatial
- Packaging Details: carton box, UN box, wooden box
- Delivery Time: 20-30days
- Payment Terms: L/C , D/A , D/P , T/T , Western Union , MoneyGram
- Supply Ability: 30000pcs/month

#### Product Specification

- LED Screen: Optional
- Norminal Voltage: 72V DC Or Customized
- Type: Vehicle Lithium Ion Battery
- Norminal Capacity: 50Ah Or Customized
- Charge Rate: 0.5C Max 1C
- Apllication: Vehicle.Electric Motorcycle
- Model: 72V 50Ah
- Protection: Built-in Smart BMS
- Highlight: 72V lithium ion battery cell,  
50Ah lithium ion battery cell,  
continuous use lithium ion battery cell

## Product Description

### Product Description:

Product Overview: Vehicle Lithium Ion Battery

The Vehicle Lithium Ion Battery is a high-quality and efficient battery specially designed for various types of vehicles including electric motorcycles, scooters, and cars. It is manufactured in Hunan, China and is made using the latest technology and premium quality materials to ensure superior performance and long-lasting durability.

This battery comes with an optional LED screen that provides real-time monitoring of battery usage and status, giving users better control and management of their vehicle's power supply.

The nominal capacity of this battery is 50Ah, which can also be customized according to specific requirements. With its high capacity, this battery offers a longer driving range, making it an ideal choice for those who use their vehicles for daily commutes, long-distance travels, or other purposes.

The Vehicle Lithium Ion Battery is specifically designed for electric vehicles, with a focus on electric motorcycles, scooters, and cars. Its advanced technology and superior quality make it a top choice for vehicle owners who want reliable and high-performance batteries for their vehicles.

This battery is of the Lifepo4 type, which is known for its safety, stability, and long lifespan. It is a rechargeable battery that can withstand a high number of charge and discharge cycles, making it a cost-effective and environmentally-friendly option compared to traditional lead-acid batteries.

Overall, the Vehicle Lithium Ion Battery is an essential product for those who own electric vehicles. It offers a range of benefits such as longer driving range, real-time monitoring, high-performance, and eco-friendliness, making it a top choice for individuals and businesses looking for reliable and efficient scooter, ebike, and electric car batteries.

Experience the power and efficiency of the Vehicle Lithium Ion Battery and take your electric vehicle to the next level!

Keywords: scooter ebike battery, electric car battery, vehicle battery, LED screen, nominal capacity, Hunan, China, Lifepo4, application.

### Features:

Product Name: Vehicle Lithium Ion Battery

Battery Type: Lifepo4

Place of Origin: Hunan, China

Type: Vehicle Lithium Ion Battery

Application: Vehicle, Electric Motorcycle

Discharge Rate: 1C Max 2C

Key Features:

Perfect for motorcycle, electric car, and other vehicle applications

Rechargeable battery with long cycle life

High energy density for extended use

High discharge rate for efficient power output

Made with durable and safe Lifepo4 technology

Proudly manufactured in Hunan, China

### Technical Parameters:

Type	Vehicle Lithium Ion Battery
Discharge rate	1C Max 2C
Protection	Built-in Smart BMS
Operating Temperature	-15~55
Model	72V 50Ah
LED Screen	Optional
Charge rate	0.5C Max 1C
Norminal Capacity	50Ah Or Customized
Place of Origin	Hunan, China
Application	Vehicle.Electric Motorcycle
Technical Specifications for Vehicle Lithium Ion Battery	
Product Name	Vehicle Lithium Ion Battery
Type	Energy storage battery
Model	72V 50Ah
Discharge Rate	1C Max 2C
Charge Rate	0.5C Max 1C

<b>Protection</b>	Built-in Smart BMS
<b>Operating Temperature</b>	-15~55
<b>Norminal Capacity</b>	50Ah Or Customized
<b>LED Screen</b>	Optional
<b>Place of Origin</b>	Hunan, China
<b>Application</b>	Vehicle.Electric Motorcycle
<b>Warranty</b>	Three-year
<b>Customized Production</b>	Available

## Applications:

Brand Name: Pinsheng

Model Number: PE-72500

Place of Origin: Hunan, China

Certification: CE , MSDS , UN38.8 , ISO9001

Minimum Order Quantity: 1 unit

Price: Negotiatial

Packaging Details: carton box, UN box, wooden box

Delivery Time: 20-30days

Payment Terms: L/C , D/A , D/P , T/T , Western Union , MoneyGram

Supply Ability: 30000pcs/month

Application: Vehicle.Electric Motorcycle

Norminal Voltage: 72V DC Or Customized

Operating Temperature: -15~55

Type: Vehicle Lithium Ion Battery

Introducing Pinsheng's Vehicle Lithium Ion Battery - the perfect solution for your electric motorcycle and energy storage needs. Our battery is designed and manufactured in Hunan, China with top-notch quality and performance.

With CE, MSDS, UN38.8, and ISO9001 certifications, our battery guarantees safety and reliability. It has a minimum order quantity of 1 unit, and the price is negotiable depending on your needs and order quantity. Our packaging options include carton box, UN box, and wooden box to ensure the safe delivery of your battery. The delivery time is 20-30 days, and we accept various payment terms such as L/C, D/A, D/P, T/T, Western Union, and MoneyGram.

Our Vehicle Lithium Ion Battery is designed specifically for electric motorcycles, providing a nominal voltage of 72V DC or customizable according to your requirements. It can also be used for other vehicles, making it a versatile and efficient option for your battery needs. One of the key features of our battery is its long cycle life, ensuring that you get the most out of your investment. It also has a high energy density, providing more power in a compact size. Our battery is also environmentally friendly, with no harmful emissions, making it an eco-friendly choice for your vehicle.

To make sure that your battery is managed efficiently, our product comes with an intelligent management system. It monitors and controls the battery's performance, making it more efficient and extending its lifespan. And to give you peace of mind, our battery comes with a three-year warranty.

So if you're looking for a reliable and high-quality lithium-ion battery for your vehicle, look no further than Pinsheng's Vehicle Lithium Ion Battery. With our expertise and commitment to excellence, we guarantee that you'll be satisfied with our product. Contact us now to learn more and place your order!

## Customization:

Customized Service for Pinsheng PE-72500 Vehicle Lithium Ion Battery

Brand Name: Pinsheng

Model Number: PE-72500

Place of Origin: CHINA

Certification: CE, MSDS, UN38.8, ISO9001

Minimum Order Quantity: 1 unit

Price: Negotiatial

Packaging Details: carton box, UN box, wooden box

Delivery Time: 20-30days

Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram

Supply Ability: 30000pcs/month

Application: Vehicle, Electric Motorcycle

Type: Vehicle Lithium Ion Battery

Nominal Capacity: 50Ah or Customized

Charge Rate: 0.5C Max 1C

Protection: Built-in Smart BMS

At Pinsheng, we understand the importance of customized solutions for our customers. That's why we offer personalized services for our Vehicle Lithium Ion Battery, model PE-72500.

Our battery is specifically designed for energy storage in electric cars and motorcycles. With our customized service, you can choose the specifications and features that best fit your needs.

Our battery is certified with CE, MSDS, UN38.8, and ISO9001, ensuring its safety and quality. The minimum order quantity is only 1 unit, and the price is negotiable.

We provide various packaging options, such as carton box, UN box, and wooden box, to ensure safe delivery. The delivery time is 20-30 days, and we accept various payment terms, including L/C, D/A, D/P, T/T, Western Union, and MoneyGram.

With a supply ability of 30000pcs/month, we can meet the demands of our customers. Our battery can be used in various applications, such as vehicles and electric motorcycles.

The nominal capacity of our battery is 50Ah, and it can be customized according to your requirements. The charge rate is 0.5C Max 1C, and it is equipped with a built-in Smart BMS for protection.

Choose Pinsheng for a reliable and customized Vehicle Lithium Ion Battery solution. Contact us now for more information and to discuss

your specific needs.
