

Charge rate 0.5C Max 1C Vehicle Lithium Ion Battery with Built-in Smart BMS Protection

Our Product Introduction

more products please visit us on rechargeable-liionbattery.com

Basic Information

- Place of Origin: Hunan, China
- Brand Name: Pinsheng
- Certification: CE , MSDS , UN38.8 , ISO9001
- Model Number: PE-72500
- Minimum Order Quantity: 1 unit
- Price: Negotiatial
- Packaging Details: carton box, UN box, wooden box
- Delivery Time: 20-30days
- Payment Terms: L/C , D/A , D/P , T/T , Western Union , MoneyGram
- Supply Ability: 30000pcs/month

Product Specification

- Battery Type: Lifepo4
- Norminal Capacity: 50Ah Or Customized
- Type: Vehicle Lithium Ion Battery
- Appllication: Vehicle.Electric Motorcycle
- Discharge Rate: 1C Max 2C
- OEM/ODM: Accepatable
- LED Screen: Optional
- Highlight: **Vehicle Lithium Ion Battery ,
Charge rate Lithium Ion Battery ,
0.5C Lithium Ion Battery**

Product Description

Product Description:

Vehicle Lithium Ion Battery

Product Overview

The Vehicle Lithium Ion Battery is a high-quality and long-lasting battery designed for scooters and ebikes. It is a reliable power source that ensures efficient and smooth rides. The battery is lightweight and compact, making it easier to install and carry.

Product Attributes

Type: Vehicle Lithium Ion Battery

Battery Type: Lifepo4

Customized Production: We offer customized production to meet the specific needs of our customers. We understand that different vehicles require different battery specifications, and we are committed to providing the best solution for each customer.

Protection: The battery comes with a built-in Smart BMS (Battery Management System) that protects the battery from overcharging, overdischarging, and short circuits. This ensures the safety and longevity of the battery.

LED Screen: Customers have the option to add an LED screen to the battery, which displays the battery's current status, such as voltage and remaining charge. This feature allows users to easily monitor their battery's performance.

Charge Rate: The battery has a charge rate of 0.5C Max 1C, allowing it to be charged quickly and efficiently.

Smart and User-Friendly: The Vehicle Lithium Ion Battery is designed to be user-friendly, with easy installation and operation. The smart BMS also provides real-time data and alerts to users, ensuring a hassle-free experience.

Safe: The battery is built with high-quality materials and undergoes strict quality control to ensure its safety. The smart BMS also provides additional protection, making it a reliable and safe choice for riders.

With the Vehicle Lithium Ion Battery, you can enjoy a worry-free ride with a powerful and efficient battery. Choose our battery for your scooter or ebike and experience the convenience and reliability it offers.

Features:

Product Name: Vehicle Lithium Ion Battery

Place of Origin: Hunan, China

Operating Temperature: -15~55

Nominal Capacity: 50Ah Or Customized

OEM/ODM: Acceptable

Battery type: Lifepo4

Key Features:

Motorcycle battery

Three-year warranty

Customized production

Technical Parameters:

| Attribute | Value |
|-----------------------|-----------------------------|
| Type | Vehicle Lithium Ion Battery |
| Battery type | Lifepo4 |
| Nominal Voltage | 72V DC Or Customized |
| Nominal Capacity | 50Ah Or Customized |
| Discharge rate | 1C Max 2C |
| Charge rate | 0.5C Max 1C |
| LED Screen | Optional |
| OEM/ODM | Acceptable |
| Operating Temperature | -15~55 |
| Place of Origin | Hunan, China |

High Performance Scooter Ebike Battery

This Vehicle Lithium Ion Battery is specifically designed for high performance electric vehicles such as scooters and ebikes. With a nominal voltage of 72V DC or customizable, it provides reliable and consistent power for your electric vehicle.

Electric Car Battery

This battery is also suitable for use in electric cars, providing a long-lasting and efficient source of power. The discharge rate of 1C max 2C and charge rate of 0.5C max 1C ensure optimal performance and longevity for your electric car.

Applications:

Vehicle Lithium Ion Battery – Pinsheng PE-72500

Brand Name:
Pinsheng

Model Number:
PE-72500

Place of Origin:
Hunan, China

Certification:
CE, MSDS, UN38.8, ISO9001

Minimum Order Quantity:
1 unit

Price:
Negotiable

Packaging Details:
Carton box, UN box, wooden box

Delivery Time:
20-30 days

Payment Terms:
L/C, D/A, D/P, T/T, Western Union, MoneyGram

Supply Ability:
30,000 pcs/month

Charge Rate:
0.5C Max 1C

LED Screen:
Optional

Operating Temperature:
-15~55

Model:
72V 50Ah

Application and Scenarios

The Pinsheng PE-72500 lithium ion battery is designed for use in electric cars and motorcycles. Its high performance and long lifespan make it the ideal choice for eco-friendly transportation. It can be used in various scenarios, including:

Urban commuting: The fast charging capability of the PE-72500 allows for quick and convenient recharging, making it perfect for daily use in busy cities.

Long distance travel: With its lightweight design and high energy density, this battery can power your electric car or motorcycle for long distances without adding extra weight.

Off-road adventures: The rugged design and wide operating temperature range of the PE-72500 make it suitable for use in extreme outdoor conditions.

Commercial fleets: Businesses can benefit from the energy-saving and cost-effective features of this battery for their electric vehicle fleets.

Product Features

The Pinsheng PE-72500 offers a range of features that make it stand out in the market:

Three-year warranty: We stand behind the quality and performance of our product, offering a three-year warranty for your peace of mind.

High performance: The PE-72500 boasts a high energy density and can deliver a consistent and stable power output for your electric vehicle.

Eco-friendly: With no toxic materials or emissions, this lithium ion battery is a more environmentally friendly option compared to traditional lead-acid batteries.

Energy-saving: The fast charging and high efficiency of the PE-72500 can help reduce energy consumption and save on charging costs.

Lightweight: Weighing only a fraction of traditional lead-acid batteries, the PE-72500 is designed to keep your electric vehicle light and agile.

Upgrade your electric car or motorcycle with the Pinsheng PE-72500 lithium ion battery and experience the difference in performance and reliability. Contact us today to learn more and place your order!

Customization:

Vehicle Lithium Ion Battery Customized Service

Brand Name: Pinsheng

Model Number: PE-72500

Place of Origin: CHINA

Certification: CE, MSDS, UN38.8, ISO9001

Minimum Order Quantity: 1 unit

Price: Negotiatial

Packaging Details: carton box, UN box, wooden box

Delivery Time: 20-30 days

Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram

Supply Ability: 30000pcs/month

Type: Vehicle Lithium Ion Battery

Model: 72V 50Ah

LED Screen: Optional

Application: Vehicle, Electric Motorcycle

Charge Rate: 0.5C Max 1C

Key Features:

- High performance
- Energy storage battery
- Electric car battery
- Long cycle life
