

Long-Lasting Durability Lifepo4 Motorcycle Battery with Built-in Smart BMS Protection

Our Product Introduction

more products please visit us on rechargeable-liionbattery.com

Basic Information

- Place of Origin: Hunan, China
- Brand Name: Pinsheng
- Certification: CE , MSDS , UN38.8 , ISO9001
- Model Number: PE-72500
- Minimum Order Quantity: 1 unit
- Price: Negotiatial
- Packaging Details: carton box, UN box, wooden box
- Delivery Time: 20-30days
- Payment Terms: L/C , D/A , D/P , T/T , Western Union , MoneyGram
- Supply Ability: 30000pcs/month

Product Specification

- Model: 72V 50Ah
- Discharge Rate: 1C Max 2C
- LED Screen: Optional
- Operating Temperature: -15~55
- Applcation: Vehicle.Electric Motorcycle
- OEM/ODM: Accepatable
- Battery Type: Lifepo4
- Highlight: **BMS Protection Lifepo4 Motorcycle Battery, Built in BMS Motorcycle Battery**

Product Description

Product Description:

Vehicle Lithium Ion Battery - 72V 50Ah

This Vehicle Lithium Ion Battery is specially designed for scooter and ebike use. With a high capacity of 72V 50Ah, it provides long-lasting power for your vehicle, making it ideal for daily commuting or long-distance travel. Built with high-quality Lifepo4 battery cells, this battery pack guarantees high-performance and reliability.

Product Overview

Charge rate: 0.5C Max 1C

Protection: Built-in Smart BMS

LED Screen: Optional

Model: 72V 50Ah

Battery type: Lifepo4

Key Features

- High-quality Lifepo4 battery cells for superior performance and reliability
- Charge rate of 0.5C Max 1C for fast and efficient charging
- Built-in Smart BMS for advanced protection against overcharging, over-discharging, and short circuits
- Optional LED screen for real-time monitoring of battery status
- Long-lasting battery life, perfect for daily use or long-distance travel
- Three-year warranty for your peace of mind

Why Choose Our Vehicle Lithium Ion Battery?

Our scooter ebike battery is the perfect choice for your vehicle due to its high-quality and high-performance design. With a long-lasting battery life and advanced protection features, you can ride with confidence knowing that your battery pack is reliable and safe.

Additionally, our product comes with a three-year warranty, providing you with peace of mind and ensuring your satisfaction with our product. Upgrade your vehicle's battery with our Vehicle Lithium Ion Battery today!

Features:

Product Name: Vehicle Lithium Ion Battery

Charge rate: 0.5C Max 1C

Operating Temperature: -15~55

Norminal Capacity: 50Ah Or Customized

Type: Vehicle Lithium Ion Battery

Place of Origin: Hunan, China

Electric car battery

Customized production

Energy storage battery

Long cycle life

Technical Parameters:

Product Name	Vehicle Lithium Ion Battery
Place of Origin	Hunan, China
Application	Vehicle, Electric Motorcycle
Battery Type	Lifepo4
Type	Vehicle Lithium Ion Battery
LED Screen	Optional
OEM/ODM	Acceptable
Model	72V 50Ah
Technical Parameters	Values
Charge Rate	0.5C Max, 1C
Operating Temperature	-15~55
Discharge Rate	1C Max, 2C
High Performance	Customized Production
Long Cycle Life	More than 2000 cycles

Applications:

Vehicle Lithium Ion Battery - Pinsheng

Brand Name: Pinsheng
Model Number: PE-72500
Place of Origin: Hunan, China
Certification: CE , MSDS , UN38.8 , ISO9001
Minimum Order Quantity: 1 unit
Price: Negotiatial
Packaging Details: carton box, UN box, wooden box
Delivery Time: 20-30days
Payment Terms: L/C , D/A , D/P , T/T , Western Union , MoneyGram
Supply Ability: 30000pcs/month
Model: 72V 50Ah
Operating Temperature: -15~55
Norminal Voltage: 72V DC Or Customized
Type: Vehicle Lithium Ion Battery

The Pinsheng Vehicle Lithium Ion Battery is a high performance battery specially designed for electric vehicles. With its reliable and durable features, it is the ideal choice for scooter ebike battery.

Customized Production

At Pinsheng, we understand that every electric vehicle has different power needs. That's why we offer customized production to meet the specific requirements of our customers. This means you can get a battery that is tailored to fit your vehicle perfectly.

Long Cycle Life

Our lithium ion battery has a long cycle life, which means it can be recharged and discharged for numerous times without losing its capacity. This makes it a cost-effective choice for electric vehicle owners as it can last for years without needing to be replaced.

Lightweight and Environmental Friendly

Our lithium ion battery is significantly lighter than traditional lead-acid batteries, making it a great choice for electric vehicles. It not only reduces the weight of the vehicle, but also helps reduce carbon emissions, making it an eco-friendly option.

Safety and Stable Voltage

The Pinsheng Vehicle Lithium Ion Battery is designed with safety in mind. It has multiple safety features to prevent overheating, overcharging, and short circuits. It also maintains a stable voltage throughout its cycle, ensuring the smooth operation of your electric vehicle.

Fast Charging and Wide Operating Temperature

With a high charging efficiency, our lithium ion battery can be fully charged in a shorter time compared to other batteries. It also has a wide operating temperature range of -15~55 , making it suitable for use in different weather conditions.

Energy-saving and Low Self-discharge

Our lithium ion battery is energy-saving, which means it can store and release energy efficiently, resulting in a longer range for your electric vehicle. It also has a low self-discharge rate, allowing it to retain its charge for a longer period of time.

Wide Application

The Pinsheng Vehicle Lithium Ion Battery is not only suitable for electric scooters and ebikes, but also for other electric vehicles such as motorcycles, golf carts, and even small cars. Its versatility makes it a great choice for various types of electric vehicles.

Choose Pinsheng Vehicle Lithium Ion Battery for a reliable, durable, and eco-friendly power source for your electric vehicle. Get in touch with us today and let us help you find the perfect battery for your needs.

Customization:

Vehicle Lithium Ion Battery - Customized Service

Brand Name: Pinsheng
Model Number: PE-72500
Place of Origin: CHINA
Certification: CE, MSDS, UN38.8, ISO9001
Minimum Order Quantity: 1 unit
Price: Negotiable
Packaging Details: Carton box, UN box, wooden box
Delivery Time: 20-30 days
Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
Supply Ability: 30000 pcs/month
Model: 72V 50Ah
Protection: Built-in Smart BMS
Application: Vehicle, Electric Motorcycle
Operating Temperature: -15~55
Nominal Capacity: 50Ah or Customized

At Pinsheng, we understand the importance of having a reliable and high-quality motorcycle battery. That's why we offer customized services for our Vehicle Lithium Ion Battery. Our PE-72500 model is certified with CE, MSDS, UN38.8, and ISO9001, ensuring its safety and reliability. With a minimum order quantity of just one unit, we make it easy for you to get the exact battery you need. Our prices are negotiable and we offer various packaging options such as carton boxes, UN boxes, and wooden boxes to meet your specific needs. With a delivery time of 20-30 days, we strive to provide timely and efficient service. We accept various payment methods including L/C, D/A, D/P, T/T, Western Union, and MoneyGram. With a supply ability of 30000 pcs/month, we can meet high demand for our products.

Our 72V 50Ah model is perfect for electric motorcycles and comes with built-in Smart BMS for added protection. It has a wide operating temperature range of -15~55 , making it suitable for various climates. We also offer the option to customize the nominal capacity to meet your specific requirements.

At Pinsheng, we take pride in our products and offer a three-year warranty for our motorcycle batteries. Trust us to provide you with the best quality and customized services for your vehicle's battery needs.
