

## 72V 50Ah Motorcycle Lithium Ion Battery with Optional LED Screen -15-55C

### Our Product Introduction

more products please visit us on [rechargeable-liionbattery.com](http://rechargeable-liionbattery.com)

#### Basic Information

- Place of Origin: CHINA
- Brand Name: Pinsheng
- Certification: CE , MSDS , UN38.8 , ISO9001
- Model Number: PE-72500
- Minimum Order Quantity: 1 unit
- Price: Negotiatial
- Packaging Details: carton box, UN box, wooden box
- Delivery Time: 20-30days
- Payment Terms: L/C , D/A , D/P , T/T , Western Union , MoneyGram
- Supply Ability: 30000pcs/month

#### Product Specification

- OEM/ODM: Acceptable
- Model: 72V 50Ah
- Battery Type: Lifepo4
- Norminal Capacity: 50Ah Or Customized
- Operating Temperature: -15~55
- Type: Vehicle Lithium Ion Battery
- Charge Rate: 0.5C Max 1C
- LED Screen: Optional
- Highlight: **50Ah Lithium Ion Battery ,  
72V Lithium Ion Battery**

## Product Description

### Product Description:

Product Overview: Vehicle Lithium Ion Battery

The Vehicle Lithium Ion Battery is a cutting-edge energy storage solution for electric cars. It is designed and manufactured in Hunan, China, known for its advanced technology and high-quality products.

The battery has a nominal capacity of 50Ah, which can be customized according to the specific needs of different vehicles. It is specifically designed for electric cars, making it a perfect replacement for traditional lead-acid batteries.

One of the key features of this battery is its long cycle life, which allows it to be used for a longer period of time compared to other batteries. This means that electric car owners can enjoy a longer lifespan of their battery, reducing the need for frequent replacements.

The Vehicle Lithium Ion Battery has a high energy density, which means that it can store more energy in a smaller space. This makes it a more compact and lightweight option for electric cars, improving their overall performance and efficiency.

With a charge rate of 0.5C max 1C, this battery can be charged at a fast rate, reducing the time needed for recharging. This is especially important for electric car owners who are always on the go and need a reliable and efficient battery.

The safety and reliability of this battery is also a top priority. It is built with advanced technology and undergoes rigorous testing to ensure that it meets international safety standards. This gives electric car owners peace of mind knowing that their battery is of high quality and can be trusted.

The Vehicle Lithium Ion Battery is also environmentally friendly, as it does not produce harmful emissions like traditional lead-acid batteries. Its production process is also customized to reduce waste and promote sustainability.

In conclusion, the Vehicle Lithium Ion Battery is a top-notch energy storage solution for electric cars. Its customized production process, long cycle life, high energy density, fast charging, and safe and reliable features make it a standout product in the market. Not only does it improve the performance of electric cars, but it also promotes environmental protection and sustainability.

### Features:

Product Name: Vehicle Lithium Ion Battery

Model: 72V 50Ah

Application: Vehicle, Electric Motorcycle

LED Screen: Optional

Protection: Built-in Smart BMS

OEM/ODM: Acceptable

High performance

Energy storage battery

Long cycle life

Environmental friendly

Fast charging

Reliable

Customizable

### Technical Parameters:

<b>Product Name</b>	Vehicle Lithium Ion Battery
<b>Type</b>	Vehicle Lithium Ion Battery
<b>Nominal Capacity</b>	50Ah or Customized
<b>Application</b>	Vehicle, Electric Motorcycle
<b>Protection</b>	Built-in Smart BMS
<b>Customized Production</b>	Available
<b>LED Screen</b>	Optional
<b>Nominal Voltage</b>	72V DC or Customized
<b>Model</b>	72V 50Ah
<b>Battery Type</b>	Lifepo4
<b>Discharge Rate</b>	1C Max 2C
<b>Features</b>	Customized production, Energy storage battery, high performance, long cycle life, lightweight, quick charging

### Applications:

Product Description

Our Pinsheng PE-72500 Vehicle Lithium Ion Battery is a high-quality and reliable power source for electric vehicles, especially electric motorcycles and scooters. With a three-year warranty and certifications such as CE, MSDS, UN38.8, and ISO9001, this battery is guaranteed to meet international safety standards and provide excellent performance.

Brand Name: Pinsheng

Model Number: PE-72500

Place of Origin: Hunan, China

Certifications: CE, MSDS, UN38.8, ISO9001

Minimum Order Quantity: 1 unit

Price: Negotiable

As a customer-oriented company, we are open to negotiating the price of our battery depending on the quantity and specific needs of our clients.

Packaging Details: carton box, UN box, wooden box

We understand the importance of proper packaging for transportation and storage. That's why our battery can be packaged in a carton box, UN box, or wooden box, depending on your preference and requirements.

Delivery Time: 20-30days

Our production capacity and efficient supply chain allow us to deliver large orders within 20-30 days. We strive to meet our customers' deadlines and ensure timely delivery.

Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram

We offer a variety of payment options to make it convenient for our customers to purchase our products. You can choose from L/C, D/A, D/P, T/T, Western Union, or MoneyGram.

Supply Ability: 30000pcs/month

With a monthly supply of 30000 pieces, we can ensure a stable and consistent supply of our vehicle lithium ion battery to meet the demands of our customers.

Nominal Capacity: 50Ah or Customized

Our PE-72500 battery has a nominal capacity of 50Ah, but we also offer customization options to meet your specific needs and requirements.

Discharge Rate: 1C Max 2C

The maximum discharge rate of our battery is 1C, with a peak of 2C. This means it can provide a steady and reliable source of power for your electric vehicle.

Protection: Built-in Smart BMS

Safety is our top priority, which is why our battery comes with a built-in Smart BMS (Battery Management System). This system ensures protection against overcharging, over-discharging, and short circuits, making it a safe and reliable power source for your vehicle.

Application: Vehicle, Electric Motorcycle, Scooter, Ebike

Our Pinsheng PE-72500 battery is suitable for a wide range of electric vehicles, including motorcycles, scooters, and ebikes. It provides a long-lasting and efficient power source, making it an ideal choice for electric transportation.

### Customization:

Vehicle Lithium Ion Battery - Pinsheng PE-72500

<b>Brand Name</b>	Pinsheng
<b>Model Number</b>	PE-72500
<b>Place of Origin</b>	CHINA
<b>Certification</b>	CE, MSDS, UN38.8, ISO9001
<b>Minimum Order Quantity</b>	1 unit
<b>Price</b>	Negotiable

<b>Application</b>	Vehicle, Electric Motorcycle
<b>Type</b>	Vehicle Lithium Ion Battery
<b>Nominal Voltage</b>	72V DC or Customizable
<b>OEM/ODM</b>	Acceptable
<b>LED Screen</b>	Optional

Customized production, Three-year warranty, and hot sale are the key features of our Vehicle Lithium Ion Battery. With Pinsheng PE-72500 model number, it is CE, MSDS, UN38.8, and ISO9001 certified for quality assurance. The minimum order quantity is 1 unit with a negotiable price and delivery time of 20-30 days. We accept various payment terms such as L/C, D/A, D/P, T/T, Western Union, and MoneyGram. Our supply ability is 30000pcs/month, making it suitable for large orders. This battery is designed for use in vehicles and electric motorcycles. The nominal voltage is 72V DC or can be customized according to your needs. We also offer OEM/ODM services and an optional LED screen. Plus, our battery comes with a three-year warranty and is currently a hot sale item. Don't miss out on this high-quality and customizable product for your vehicle needs. Contact us now!
