

## Portable handheld lithium battery 25.6V 120Ah lithium ion battery with Smart BMS

### Our Product Introduction

more products please visit us on [rechargeable-liionbattery.com](http://rechargeable-liionbattery.com)

#### Basic Information

- Place of Origin: China
- Brand Name: Pinsheng energy
- Certification: CE , MSDS , UN38.3,IES
- Model Number: PE-10550
- Minimum Order Quantity: 1 unit
- Price: Negotiatial
- Packaging Details: carton box, UN box, wooden box
- Delivery Time: 20-30days
- Payment Terms: L/C , D/A , D/P , T/T , Western Union , MoneyGram
- Supply Ability: 30000pcs/month

#### Product Specification

- Material: Lithium-ion
- Protection: Overcharge/Over Discharge/Over Current/Short Circuit
- Recharge Cycles: 3000
- Charging Time: 2-3 Hours
- Operating Temperature: -20 To 60
- Voltage: 25.6V Or Customized
- Type: Rechargeable Li-Ion Battery
- Storage Temperature: -20 To 55
- Highlight: lithium-ion lithium ion battery ,  
Portable lithium ion battery ,  
120Ah lithium ion battery

## Product Description

### Product Description:

Rechargeable Li Ion Battery - Product Overview

Our Rechargeable Li Ion Battery is a high-quality, reliable power source that is perfect for a variety of portable devices and power tools. With a storage temperature range of -20 to 55 , this battery can withstand a wide range of environments.

This Type of battery is designed to be rechargeable, making it a cost-effective and eco-friendly option for your power needs. With a capacity of 120Ah, it provides long-lasting power for all your devices.

Our Rechargeable Li Ion Battery is perfect for use in portable devices such as smartphones, tablets, and laptops, as well as power tools like drills, saws, and more. It is a versatile power source that can be used for a variety of applications.

The charging time for our battery is quick and efficient, taking only 2-3 hours to fully charge. This means you can get back to using your devices and tools in no time.

But that's not all - our Rechargeable Li Ion Battery is also a great choice for those looking to utilize solar energy systems. Its rechargeable design makes it perfect for use in new portable power stations and solar energy systems, providing a sustainable and reliable power source.

Invest in our Rechargeable Li Ion Battery today and experience the convenience, reliability, and eco-friendliness it has to offer.

### Features:

Product Name: Rechargeable Li Ion Battery

Safety Certification: CE/RoHS/UN38.3

Power: 3.072KWh

Warranty: 3 Year

Material: Lithium-ion

Type: Rechargeable Li-Ion Battery

New portable power station

Banks lithium battery

Customizable lithium battery packs

### Technical Parameters:

Type	Rechargeable Li-Ion Battery
Voltage	25.6V Or Customized
Power	3.072KWh
Protection	Overcharge/Over Discharge/Over Current/Short Circuit
Storage Temperature	-20 To 55
Rechargeable	Yes
Safety Certification	CE/RoHS/UN38.3
Warranty	3 Year
Applications	Portable Devices/Power Tools
Material	Lithium-ion

### Applications:

Rechargeable Li Ion Battery - Pinsheng energy

Brand Name: Pinsheng energy

Model Number: PE-10550

Place of Origin: China

Certification: CE , MSDS , UN38.3,IES

Minimum Order Quantity: 1 unit

Price: Negotiatial

Packaging Details: carton box, UN box, wooden box

Delivery Time: 20-30days

Payment Terms: L/C , D/A , D/P , T/T , Western Union , MoneyGram

Supply Ability: 30000pcs/month

Safety Certification: CE/RoHS/UN38.3

Storage Temperature: -20 To 55

Warranty: 3 Year

Recharge Cycles: 3000

Operating Temperature: -20 To 60

Application and Scenarios

The Rechargeable Li Ion Battery from Pinsheng energy is a high-quality battery designed for various applications. With its advanced

technology and customizable options, it is suitable for a wide range of scenarios, including:

**Solar energy systems:** The Pinsheng energy battery can be used to store solar energy for residential and commercial use. Its high capacity and long cycle life make it a reliable and efficient choice for solar power systems.

**Banks lithium battery:** The Pinsheng energy battery is also suitable for banks and financial institutions. It can be used as a backup power source for ATMs, electronic payment systems, and other banking equipment.

**Customizable lithium battery packs:** With its customizable options, the Pinsheng energy battery can be used to create specialized battery packs for various industries such as aerospace, marine, and medical equipment.

#### Product Attributes

The Pinsheng energy Rechargeable Li Ion Battery stands out for its exceptional product attributes:

**High capacity:** With a capacity of 10550mAh, this battery can provide long-lasting power for various devices.

**Long cycle life:** The Pinsheng energy battery has a recharge cycle of up to 3000 times, making it a durable and cost-effective choice.

**Eco-friendly:** Made with environmentally friendly materials, this battery is a sustainable energy solution that reduces carbon footprint.

**Reliable:** The Pinsheng energy battery is built with advanced technology and undergoes stringent quality control measures to ensure its reliability and performance.

**Safe:** It has obtained safety certifications from CE, RoHS, and UN38.3, ensuring its safe usage in various applications.

**Efficient:** With its high energy density, the Pinsheng energy battery provides efficient power output for longer durations.

Choose the Pinsheng energy Rechargeable Li Ion Battery for a safe, reliable, and efficient power solution for your various applications.

## Customization:

Rechargeable Li Ion Battery - Customized Service

Brand Name: Pinsheng Energy

Model Number: PE-10550

Place of Origin: China

Certification: CE, MSDS, UN38.3, IES

Minimum Order Quantity: 1 unit

Price: Negotiable

Packaging Details: Carton box, UN box, wooden box

Delivery Time: 20-30 days

Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram

Supply Ability: 30000 pcs/month

Material: Lithium-ion

Rechargeable: Yes

Voltage: 25.6V or Customized

Power: 3.072KWh

Applications: Portable Devices/Power Tools, Customizable lithium battery packs for solar energy system, Customizable lithium battery packs for medical devices, Customizable lithium battery packs for electric vehicles
