

Pinsheng customized portable mobile power 25.6V 3KWh emergency power supply

Our Product Introduction

more products please visit us on rechargeable-liionbattery.com

Basic Information

- Place of Origin: China
- Brand Name: Pinsheng energy
- Certification: CE , MSDS , UN38.3,IES
- Model Number: PE-10550
- Minimum Order Quantity: 1 unit
- Price: Negotiatial
- Packaging Details: carton box, UN box, wooden box
- Delivery Time: 20-30days
- Payment Terms: L/C , D/A , D/P , T/T , Western Union , MoneyGram
- Supply Ability: 30000pcs/month

Product Specification

- Warranty: 3 Year
- Type: Rechargeable Li-Ion Battery
- Operating Temperature: -20 To 60
- Capacity: 120Ah
- Power: 3.072KWh
- Applications: Portable Devices/Power Tools
- Protection: Overcharge/Over Discharge/Over Current/Short Circuit
- Storage Temperature: -20 To 55
- Highlight: 3KWh portable power supply,
25.6V portable power supply,
3KWh portable mobile power supply

Product Description:

Rechargeable Li Ion Battery Overview

Our Rechargeable Li Ion Battery is a high-quality, efficient and reliable power source for portable devices and power tools. It is a perfect choice for those who are looking for a long-lasting, eco-friendly and cost-effective battery solution.

Applications

Our rechargeable Li Ion battery is suitable for a wide range of applications, including:

Portable Devices: This battery is ideal for powering electronic devices such as mobile phones, laptops, tablets, digital cameras, and more.

With its high energy density and consistent performance, it can keep your devices running for longer periods of time.

Power Tools: Our battery is also perfect for powering various power tools, including drills, saws, and other handheld devices. It provides a reliable and consistent source of power, allowing you to complete your tasks with ease.

Product Features

Solar Energy System: Our battery can be used in conjunction with a solar energy system, making it an ideal choice for off-grid applications. It can store and supply energy from the sun, providing a sustainable and environmentally friendly power source.

Lifepo4 Battery: Our battery is made of high-quality lithium iron phosphate (LiFePO₄) cells, which offer superior performance, safety, and durability compared to traditional lithium-ion batteries. This makes our battery a reliable and long-lasting power solution.

Lifepo4 Battery Pack: Our battery comes in a pack of multiple cells, allowing for easy installation and replacement. It also ensures a stable and consistent power supply for a longer period of time.

Lithium Ion Battery: Our battery utilizes the latest lithium-ion technology, providing a high energy density and fast charging capabilities. It is also lightweight and compact, making it convenient to carry and use.

Rechargeable Battery: Our battery can be recharged up to 3000 times, making it a cost-effective and sustainable choice. It also eliminates the need for disposable batteries, reducing waste and protecting the environment.

Product Specifications

Power: Our battery has a capacity of 3.072KWh, providing a long-lasting and reliable power source for your devices.

Warranty: We offer a 3-year warranty for our battery, ensuring its quality and performance. In case of any defects or issues, we will provide a replacement or repair.

Protection: Our battery is equipped with multiple protection mechanisms, including overcharge, over-discharge, over-current, and short circuit protection. This ensures the safety of your devices and the battery itself.

Conclusion

In conclusion, our Rechargeable Li Ion Battery is a top-notch power solution for portable devices and power tools. With its advanced technology, high capacity, and various protection mechanisms, it offers a reliable, eco-friendly, and cost-effective option for all your power needs.

Features:

Product Name: Rechargeable Li Ion Battery

Safety Certification: CE/RoHS/UN38.3

Rechargeable: Yes

Material: Lithium-ion

Capacity: 120Ah

Warranty: 3 Year

Key Features:

Lifepo4 Battery

New Portable Power Station

Banks Lithium Battery

Technical Parameters:

Technical Parameters	Description
Capacity	120Ah
Applications	Portable Devices/Power Tools
Voltage	25.6V Or Customized
Storage Temperature	-20 To 55
Warranty	3 Year
Protection	Overcharge/Over Discharge/Over Current/Short Circuit
Charging Time	2-3 Hours
Power	3.072KWh

Safety Certification	CE/RoHS/UN38.3
Material	Lithium-ion

Applications:

Rechargeable Li Ion Battery - Pinsheng energy

Brand Name: Pinsheng energy

Model Number: PE-10550

Place of Origin: China

Certification: CE , MSDS , UN38.3,IES

Minimum Order Quantity: 1 unit

Price: Negotiatial

Packaging Details: carton box, UN box, wooden box

Delivery Time: 20-30days

Payment Terms: L/C , D/A , D/P , T/T , Western Union , MoneyGram

Supply Ability: 30000pcs/month

Storage Temperature: -20 To 55

Safety Certification: CE/RoHS/UN38.3

Power: 3.072KWh

Recharge Cycles: 3000

Operating Temperature: -20 To 60

Customizable lithium battery packs for various applications

The Rechargeable Li Ion Battery from Pinsheng energy is a highly versatile and customizable power source that can be used in a variety of applications. With its advanced technology and superior performance, this battery is the preferred choice of many industries.

New portable power station for outdoor activities

The Pinsheng energy Rechargeable Li Ion Battery is the perfect solution for outdoor enthusiasts and adventurers. With its lightweight and compact design, it can be easily carried and used as a portable power station for camping, hiking, and other outdoor activities. The high capacity and long-lasting power make it an essential companion for all your adventures.

Banks lithium battery pack for efficient energy storage

For large scale energy storage solutions, the Pinsheng energy Rechargeable Li Ion Battery is the ideal choice. With its high energy density and large capacity, it can be used as a banks lithium battery pack for efficient energy storage. It can be easily integrated into renewable energy systems, providing a reliable and sustainable source of power.

Experience the power and versatility of Pinsheng energy Rechargeable Li Ion Battery. Contact us now to learn more about our products and how they can benefit your business.

Customization:

Rechargeable Li Ion Battery - Customized Service

Brand Name: Pinsheng Energy

Model Number: PE-10550

Looking for a reliable and high-quality rechargeable Li Ion battery? Look no further than Pinsheng Energy's PE-10550 model. Made and tested in China, our battery comes with all necessary certifications, including CE, MSDS, UN38.3, and IES.

With a minimum order quantity of just 1 unit, our battery is perfect for small and large businesses alike. And the best part? The price is negotiable, so you can get the best deal for your needs.

Product Details

Brand Name: Pinsheng Energy

Model Number: PE-10550

Place of Origin: China

Certification: CE, MSDS, UN38.3, IES

Minimum Order Quantity: 1 unit

Price: Negotiable

Packaging Details: Carton box, UN box, wooden box

Delivery Time: 20-30 days

Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram

Supply Ability: 30000pcs/month

Protection: Overcharge/Over Discharge/Over Current/Short Circuit

Power: 3.072KWh

Recharge Cycles: 3000

Charging Time: 2-3 Hours

Safety Certification: CE/RoHS/UN38.3

Key Features

Long-lasting: Our Li Ion battery uses lifepo4 technology, allowing for a longer battery life and more efficient charging.

Portable Power: With its compact size and lightweight design, our battery is perfect for use in new portable power stations.

Quick Charging: Our battery can be fully charged in just 2-3 hours, making it perfect for on-the-go use.

Durable: With a recharge cycle of 3000, our battery is built to last and can withstand frequent use.

Safety First: Our battery comes with multiple protection features, including overcharge, over discharge, over current, and short circuit protection.

High Capacity: With a power of 3.072KWh, our battery is perfect for powering a wide range of devices and equipment.

Reliable: Our battery has been certified by CE, RoHS, and UN38.3, ensuring its safety and quality.

Don't settle for subpar batteries that won't last or could potentially be dangerous. Choose Pinsheng Energy's PE-10550 rechargeable Li Ion battery for all your power needs. Contact us today to learn more and place your order.
