

## High Power Lithium Ion Battery The Perfect Choice for Your Energy Demands

### Our Product Introduction

more products please visit us on [rechargeable-liionbattery.com](http://rechargeable-liionbattery.com)

#### Basic Information

- Place of Origin: Hunan, China
- Brand Name: Pinsheng
- Certification: CE , MSDS , UN38.8 , ISO9001
- Model Number: PE-48200
- Minimum Order Quantity: 1 unit
- Price: Negotiatial
- Packaging Details: carton box, UN box, wooden box
- Delivery Time: 20-30days
- Payment Terms: L/C , D/A , D/P , T/T , Western Union , MoneyGram
- Supply Ability: 10000pcs/month

#### Product Specification

- Voltage: 51.2v
- Power: 60KWh Or Customized
- Communication: RS485
- Size: Customizable
- External Module: Wi-Fi
- Battery Type: Lithium Ion Battery
- Warranty: 5 Years
- Highlight: **Energy Demands Lithium Ion Battery,**  
**High Power Lithium Ion Battery**

Product Description:

High Power Lithium Ion Battery

Our High Power Lithium Ion Battery is a state-of-the-art energy storage solution that offers unmatched performance and reliability. Designed and manufactured in our original factory in Hunan, China, our battery is the perfect choice for various applications that require a deep cycle rechargeable power source.

Product Overview  
Current: 200Ah  
Communication: RS485  
Voltage: 51.2v  
Power: 60KWh Or Customized  
Place of Origin: Hunan, China

Our High Power Lithium Ion Battery boasts a high capacity of 200Ah, making it suitable for various industrial, commercial, and residential applications. With RS485 communication, our battery allows for seamless data transmission and monitoring, providing you with real-time information on its performance. The voltage of our battery is 51.2v, which is the optimal voltage for high power applications. It can deliver a power of 60KWh, but can also be customized to meet your specific power needs. This flexibility makes our battery an ideal choice for a wide range of applications.

Key Features  
As an original factory, we take great pride in using only the best components and materials to manufacture our High Power Lithium Ion Battery. Our battery is made with advanced LiFePO4 technology, ensuring a long lifespan and exceptional performance. It is also highly durable and can withstand extreme temperatures and harsh environments. One of the most significant advantages of our battery is its high safety standards. Unlike traditional lead-acid batteries, our LiFePO4 battery is non-toxic and non-flammable, making it a safer and more environmentally friendly option. It also has a built-in protection system to prevent overcharging, over-discharging, and short circuits.

Conclusion  
In summary, our High Power Lithium Ion Battery is a top-of-the-line energy storage solution that offers unparalleled performance, reliability, and safety. With its deep cycle rechargeable design, original factory production, advanced LiFePO4 technology, and customizable power options, it is the perfect choice for various applications. Invest in our battery today and experience the difference it can make in your energy needs.

Features:

Product Name: High Power Lithium Ion Battery  
Communication: RS485  
Size: Customizable  
Power: 60KWh Or Customized  
Storage Temperature: -20°C~55°C  
Cycle Life: >6000 Times  
Latest version design  
Stacked Lithium Ion Battery  
LiFePO4 technology  
High energy density  
High power output

Technical Parameters:

Parameter	Specification
Place of Origin	Hunan, China
Storage Temperature	-20°C~55°C
Communication	RS485
Size	Customizable
Current	200Ah
Power	60KWh Or Cusomized
Warranty	5 Years
Battery Type	Lithium Ion Battery
Cycle Life	>6000 Times
Voltage	51.2v

Key Features:

Suitable for solar energy storage system  
Compatible with bluetooth hybrid inverter  
Deep Cycle Rechargeable

## Applications:

High Power Lithium Ion Battery

Brand Name: Pinsheng

Model Number: PE-48200

Place of Origin: Hunan, China

Certification: CE, MSDS, UN38.8, ISO9001

Are you looking for a reliable and high-performance battery for your power needs? Look no further than Pinsheng's High Power Lithium Ion Battery, model PE-48200. Made in Hunan, China, our battery is equipped with the latest technology and certifications to ensure quality and safety for all your applications.

Product Description

Our High Power Lithium Ion Battery boasts a powerful current of 200Ah, making it suitable for a wide range of power needs. Its compact size and customizable design make it easy to integrate into any system or device. With a voltage of 51.2v, our battery provides a stable and consistent power supply.

Application and Usage

This battery is perfect for a variety of applications, such as electric vehicles, solar energy storage, UPS systems, and more. Its high power output and long-lasting performance make it ideal for use in both residential and commercial settings.

Product Features

Bluetooth hybrid inverter for easy monitoring and control

Latest version design for improved efficiency

Real manufacturer price for cost-saving benefits

CE, MSDS, UN38.8, and ISO9001 certified for quality and safety assurance

Customizable size to fit any system or device

200Ah current for high power output

51.2v voltage for stable and consistent power supply

Packaging and Delivery

Our High Power Lithium Ion Battery is available for a minimum order quantity of 1 unit, with a negotiable price. It comes in various packaging options, including carton box, UN box, and wooden box, to ensure safe delivery. We have a supply ability of 10000pcs/month, and our delivery time is 20-30 days. We accept multiple payment terms, including L/C, D/A, D/P, T/T, Western Union, and MoneyGram.

Why Choose Pinsheng's High Power Lithium Ion Battery?

As a real manufacturer, we are able to provide our customers with the best quality batteries at a competitive price. Our battery is designed with the latest technology, ensuring high performance and efficiency. It is also equipped with various certifications to meet international standards. With our customizable size and reliable supply ability, we are your go-to source for all your high power battery needs.

## Customization:

High Power Lithium Ion Battery - Pinsheng PE-48200

Brand Name: **Pinsheng**

Model Number: **PE-48200**

Place of Origin: **CHINA**

Certification: **CE, MSDS, UN38.8, ISO9001**

Minimum Order Quantity: **1 unit**

Price: **Negotiable**

Packaging Details: **carton box, UN box, wooden box**

Delivery Time: **20-30 days**

Payment Terms: **L/C, D/A, D/P, T/T, Western Union, MoneyGram**

Supply Ability: **10000pcs/month**

Power: **60KWh or Customized**

Current: **200Ah**

Cycle Life: **6000+ Times**

Warranty: **5 Years**

Voltage: **51.2v**

Customized Service for High Power Lithium Ion Battery

At Pinsheng, we understand that every customer has unique needs and requirements. That's why we offer customized services for our PE-48200 High Power Lithium Ion Battery. With our expertise and advanced technology, we can tailor our product to meet your specific needs and deliver high-quality solutions for your solar energy storage system.

Our customized service allows you to choose the power capacity of your battery, ranging from 10 to 20KWh, according to your energy storage needs. You can also customize the current to be 200Ah for maximum efficiency. We use Stacked Lithium Ion Battery technology to ensure high efficiency and long lifespan for our custom-made batteries.

Our team of experts will work closely with you to understand your requirements and provide you with the best solution. We guarantee a 5-year warranty for our customized batteries, ensuring your satisfaction and peace of mind.

Contact us today to learn more about our customized service for the Pinsheng PE-48200 High Power Lithium Ion Battery and take the first step towards a sustainable and efficient solar energy storage system.
