

## Load 50 KWh Above Lithium Battery / Solar Energy for Wall Mounted Installation

### Our Product Introduction

more products please visit us on [rechargeable-liionbattery.com](http://rechargeable-liionbattery.com)

#### Basic Information

- Place of Origin: CHINA
- Brand Name: Pinsheng
- Certification: CE , MSDS , UN38.3,IES
- Model Number: TC-001
- Minimum Order Quantity: 1 unit
- Price: Negotiatial
- Packaging Details: carton box, UN box, wooden box
- Delivery Time: 10-20days
- Payment Terms: L/C , D/A , D/P , T/T , Western Union , MoneyGram
- Supply Ability: 10000pcs/month

#### Product Specification

- Communication: RS485/WIFI/GPRS
- Battery Type: Lithium Ion / LiFePO4
- Power Output: Above 50 KWh
- System Type: Solar Energy System
- Inverter Type: String Or Micro Inverter
- Availability: Widely Available In Most Countries
- Application: Home/Plant/electrical Equipment
- Load Power (W): 3KW~100KW
- Highlight: **50 KWh lithium solar battery ,  
wall mounted solar battery,  
high capacity solar energy storage**

Product Description:

Our Solar Energy System is equipped with a high-quality lithium battery that ensures reliable power storage and efficient energy usage. This makes it an ideal choice for those looking to reduce their carbon footprint and lower their energy costs. The installation manual that comes with our Solar Energy System is designed to make the installation process quick and easy. Whether you're an experienced electrician or a DIY enthusiast, you'll find our system easy to install and set up. The inverter type of our Solar Energy System can either be a string or micro inverter, depending on your preference and energy needs. Both options provide reliable and efficient energy conversion, ensuring that you get the most out of your solar system. With a power output of above 50 KWh, our Solar Energy System is designed to meet the energy demands of any household or business. Whether you're looking to power your entire home or just a few key appliances, our solar system is the perfect choice. So, if you're looking for a reliable, efficient, and cost-effective source of renewable energy, look no further than our Solar Energy System. With a lithium battery, efficient energy usage, and easy installation, our system is the perfect choice for anyone looking to harness the power of solar energy.

Features:

- Product Name: Solar Energy System
- Power Output: Above 50 KWh
- Application: Home/Plant/electrical Equipment
- Inverter Type: String Or Micro Inverter
- Technical Support: Solar System Installation Vedio
- Availability: Widely Available In Most Countries
- Lithium Battery: Yes
- Solar System: Yes

Technical Parameters:

Technical Parameters	Description
Technical Support	Solar System Installation Video
Battery Type	Lithium Ion / LiFePO4 storage battery
Communication	RS485/WIFI/GPRS
Load Power (W)	3KW~100KW

Application	Home/Plant/Electrical Equipment
Installation Manual	Yes
Availability	Widely Available In Most Countries
Inverter Type	String Or Micro Inverter
System Type	Wall-mounted, Stackable, Rack-mounted Hybrid system
Power Output	Above 50 KWh solar energy

## Applications:

The Pinsheng TC-001 Solar Energy System is an excellent product that is designed to provide clean and reliable energy to power homes, plants, and electrical equipment. This solar energy system is manufactured in China and comes with certifications such as CE, MSDS, UN38.3, and IES. With a minimum order quantity of 1 unit, the price is negotiable, and the product comes in packaging details such as carton box, UN box, and wooden box.

This solar energy system has a power output of above 50 KWh and is available in most countries worldwide, making it an excellent choice for those seeking environmentally friendly and reliable energy solutions. The system consists of a solar panel, storage battery, and inverter that converts the DC output from the solar panel to AC power that can be used to power homes, plants, and electrical equipment. The Pinsheng TC-001 Solar Energy System is suitable for a wide range of applications. It can be used for residential homes, commercial buildings, and industrial plants. The system is easy to install, and an installation manual is provided to guide users through the installation process.

The inverter type for this solar energy system is either string or micro inverter, depending on the user's preference and needs. With a supply ability of 10000pcs/month, the Pinsheng TC-001 Solar Energy System is an excellent choice for those seeking reliable, clean, and efficient energy solutions.

Payment terms are flexible and include L/C, D/A, D/P, T/T, Western Union, and MoneyGram. The delivery time for this solar energy system is between 10-20 days, depending on the location of the buyer.

## Customization:

Product Customization Services:

Brand Name: Pinsheng

Model Number: TC-001

Place of Origin: CHINA

Certification: CE , MSDS , UN38.3,IES

Minimum Order Quantity: 1 unit

Price: Negotiatial

Packaging Details: carton box, UN box, wooden box

Delivery Time: 10-20days

Payment Terms: L/C , D/A , D/P , T/T , Western Union , MoneyGram

Supply Ability: 10000pcs/month

Power Output: Above 50 KWh

Application: Home/Plant/electrical Equipment

System Type: Wall-mounted, Stackable, Rack-mounted

Technical Support: Solar System Installation Vedio

Battery Type: Lithium Ion / LiFePO4

The Solar Energy System product comes with a lithium battery for long-lasting power backup. It is suitable for various applications such as home, plant, and electrical equipment. The system is available in wall-mounted, stackable, and rack-mounted configurations. We also provide technical support through a Solar System Installation Vedio.

## Support and Services:

The Solar Energy System product technical support and services include:

Installation guidance and support

Troubleshooting and technical assistance

Product maintenance and repair

System diagnosis and optimization

Warranty and service plans

Remote monitoring and control
